Sir:

In response to the Examiner's restriction requirement dated January 4, 2005, Applicant elects the following invention:

Invention I, which includes claims 1-14, drawn to a gliding or rolling board, classified in class 280, subclass 610.

Concurrent with this reply, Applicants are filing a preliminary amendment in which they are amending claim 15 (directed to a process for manufacturing a gliding or rolling board) to depend from claim 1. The Manual of Patent Examining Procedure, Section 821.04, provides that if a "product" claim were to be allowed, a dependent claim directed to a method of making

Neither a fee nor a request for extension of time is believed to be necessary at this time. However, the Commissioner is authorized to charge any fee required for acceptance of this reply as timely and/or complete to Deposit Account No. 19-0089.
